#### **Advisory to Police Applicants**

Because the Elkins Police Department holds its police officers to high standards, we subject all applicants to:

- Exhaustive background investigations. These include but are not limited to searches of
  government databases for arrests, convictions, and confirmation of details about
  military service. We also conduct interviews of family members, employers, and
  acquaintances. These interviews are not limited to people who have agreed to provide
  you with references. We interview anyone we choose.
- Medical and psychological testing. Not everyone is suited for police work, either
  mentally or physically. We use board-certified physicians and psychologists to ensure
  that applicants meet our stringent medical and psychological standards. (You must also
  pass a challenging physical fitness test during the application process. <u>Many applicants</u>
  fail this test, so please see the attached explanation for details and <u>start training now</u>.)
- Polygraph testing. All applicants will be interviewed by an FBI-certified polygraph technician. Some people believe that they can fool a polygraph test. Those people are wrong. Applicants attempting to conceal past actions that are incompatible with service as a police officer will be <u>identified and rejected</u>.

In addition to past criminal activity, we are also searching for <u>any other factors that indicate</u> poor judgment or weak moral character. Grounds for rejection include (but are not limited to):

- Past termination for cause from other law enforcement agencies.
- Termination for certain causes by other past employers.
- Drug use or related activity, even if you were never arrested or convicted of a crime.
- Chronic unexplained credit delinquency. (We understand that honest people experience hardships. We are willing to consider your circumstances, but we cannot hire officers who show an unjustifiable pattern of failing to fulfill contracts and agreements.)
- Personal indiscretions. Examples include but are not limited to inappropriate pictures on the internet, a reputation for disorderly behavior or violence, and any indications of an inability to show professionalism toward all members of our community.

#### Tattoo policy:

- No offensive tattoos (the chief will be the final judge of whether a tattoo is deemed offensive).
- No tattoos visible when wearing long-sleeved uniform.

## West Virginia State Police Physical Ability Standards

<u>PUSH-UPS</u> – Designed to measure upper body muscular endurance and absolute strength. Applicants must be able to complete 18 properly executed push-ups within one minute.

The hands are placed about shoulder width apart. The administrator places a fist on the floor below the applicant's chest.

Starting from the up position (elbows fully extended), the applicant must keep the back straight at all times and lower the body to the floor until the chest touches the administrator's fist. Applicant then returns to the up position.

SIT-UPS – Designed to measure abdominal muscular endurance. Applicants must be able to complete 28 properly executed situps within one minute.

The applicant starts in the up position, knees bent, heels flat on the floor, hands folded across the chest touching the shoulders.

A partner holds the feet down firmly.

In the up position, the applicant should pass the elbows over the knees then return until the shoulder blades touch the floor. Any resting must be done in the up position.

# 1.5 MILE RUN – Designed to measure cardiovascular capacity. Applicants must be able to complete the 1.5 mile run within 14 minutes, 36 seconds.

Equipment: A stopwatch or clock with a sweep second hand; an indoor or outdoor track or another suitable running area measured to 1.5 miles; testing forms to record data.

The applicant should refrain from smoking or eating for two hours preceding the test.

Allow adequate time prior to the test for stretching and warm-up exercises.

During the administration of the test, the applicants can be informed of their lap times. If several applicants run at once, their individual times at the finish can be called out and recorded later.

An important consideration at the end of the run is the "cool down" period. The applicants should be cautioned about sitting or standing around immediately after the run to prevent venous pooling. They should be instructed to walk an additional five minutes or so in order to enhance venous return and aid in recovery.

# HOW TO PREPARE FOR THE TESTS

Consult your physician prior to starting this exercise program. The following guidelines are presented based on a twelve (12) week period preceding screening.

Preparing for the PUSH-UPS (upper body strength):

ICY )

Determine how many push-ups you can do in one (1) minute. At least three (3) times per week do three (3) sets of the amount you can do in one (1) minute.

Preparing for the SIT-UPS (muscular endurance).

The progressive routine is to do as many bent-leg sit-ups (hands folded across the chest with someone holding your feet) as possible in one minute. At least three (3) times per week do three (3) sets (three (3) groups of the number of repetitions you did in one (1) minute).

# Preparing for 1.5 MILE RUN (cardiovascular capacity):

Below is a gradual schedule that would enable you to perform a maximum effort for the 1.5 mile run. If you can advance the schedule on a weekly basis, then proceed to the next level. If you can do the distance in less time, then that is encouraged.

WEEK	IK		DISTANCETIME	FREQUEN
	ACTIVITY	Y( Miles	(	( Week
			(Minutes	(s)
1	Walk	1	17-20	5
7	Walk	1.5	25-29	5
3	Walk	7	32-35	S
4	Walk	7	28-30	5
2	Walk/Jog	2	27	S
9	Walk/Jog	2	26	5
7	Walk/Jog	2	25	5
00	Walk/Jog	2	24	4
6	Jog	2	23	4
10	Jog	2	22	4
=	Jog	7	21	4
12	Jog	2	20	4

Applicants must successfully pass this pre-employment physical ability examination. These tests have been validated and demonstrate the ability to perform job-related tasks necessary to carry out the essential functions of the position of state police officer.

The tests described are graded as pass or fail; acceptance is based upon successfully passing all four measures.
